Erie County

Dear Sir(s):

Notification is hereby given that the Sanitary Water Board, at its meeting on November 20, 1968, ordered the modification of the above-referenced permit(s) to conform with requirements of current regulations pertaining to heated wastes, Section 16 of Article 600, Rules and Regulations of the Sanitary Water Board.

Pursuant to the Board's order, the attached Section 16 of Article 600 is hereby added to and made an integral part of your permit(s).

You are directed to meet the requirements of these modifications within ninety (90) days of receipt of this notice, or in lieu thereof submit within that time a schedule for compliance satisfactory to the Department of Health. Attached for this purpose are four (4) copies of "Project Status Schedule Card." Three (3) copies of the executed form shall be submitted to the Regional Sanitary Engineer for your area. If you are already meeting the requirements of the modifications, you must submit evidence of your compliance to the Regional Sanitary Engineer within ninety (90) days of receipt of this notice. Enclosed is a list of Regional Sanitary Engineers and the counties each supervises. Any questions you may have regarding the matter should be directed to the Regional Sanitary Engineer.

Failure to meet these new requirements or submit a schedule or to submit evidence of your compliance will subject your permit(s) to revocation.

If you object to the order, you may request a hearing provided you submit a request, in writing, to the Secretary of the Board within fifteen (15) days from receipt of this notice.
